Summary of 2012 Board Self-Assessment Form

Attached is a composite of the results from the five Board Self-Assessment forms, submitted by each trustee. However, final numerical rankings show only one measurement. With the comparative ranking to the board’s assessment in 2011, it is easy to see areas where the board saw measureable (+0.4 or more points) favorable advancements in certain dimensions; and conversely, dimensions where measureable reductions (-0.4 or more points) in ranking from the board members for the past 12 months.

Equally, other dimension rankings showed areas were the board, as members are primarily congruent with each other (four or more ranking similarly).

In June 2011, when the board reported out the result of the 2010 Self-Assessment, the Board planned to:

1. Continue to address and support transformation into a three-college district.
2. Strive for a positive, synergistic board of trustees that recognizes respects and capitalizes on the uniqueness of each trustee, and that leverages and positions the board for the overall advancement of the district.
3. Supports the role of the Chancellor and actions of the board as a whole, to fulfill the greater mission of the District and to continually stay focused on our core mission.
4. Set policy and direction for the District, support Chancellor in advancing and executing them, and monitor the implementation through the CEO evaluation process.
