Subject: Strategic Planning

Colleagues,

In 2007, the District and Board approved the RCCD Strategic Plan (2008-12). It is now time to revisit the District plan in preparation for the issuance of an RCCD Centennial Strategic Plan covering 2012-2016. Any sound and useful strategic plan is predicated on a shared understanding and commitment to the institution's vision, mission, and values. Our strategic planning is based upon established board-approved principles, and the process of updating the plan should begin with a review of those principles. Therefore, as the initial step in updating the Strategic Plan, I am requesting that the RCCD District Strategic Planning Committee review the district's current vision, mission, and values statements (see attachments).

Since this will be our first district strategic plan developed under our current three-college system, please review these documents in that context. Please send your comments, suggestions, and recommendations relative to debbie.mcdowell@rccd.edu by April 25, 2012. At our meeting on May 4, 2012, we will review all submissions, establish a timeline for the creation of the Centennial Strategic Plan, and take appropriate action to recommend to the Board of Trustees the reaffirmation and/or revision of the guiding principles related to district strategic planning.

Sincerely,

Gregory W. Gray
Chancellor
