Department Chair, Guided Pathways & Enrollment Management Retreat

- November 3, 2023
- Focused on:
  - What does it mean to be an RCCD student?
  - How do students get onto a pathway?
  - Connecting with students on a pathway
  - What happens when a student changes major?
  - Culture of care
    - How do departments nurture students?
    - How do we improve structures to benefit the student experience and journey with a focus on equity?
    - How can we improve on an environment of inclusion and belonging for students?

Principles of Student-centered Enrollment Management

- Get students on shortest path to completion
- Clear seamless pathways among levels of institutions
- Equip students for social and economic mobility
- Continued use of data and dashboards for scheduling
- Offer classes with a variety of day/times, modalities, prioritize capstones, review course rotations
- Improve use of technology, e.g., present options when class sections are closed
- Consistency across district when cancelling sections
- How do we ensure our students get similar info at 3 colleges? Collaborate, Communicate, Consistency
