Course Exclusions

			M	N	R	Discussion

CIS 54A   **Introduction to Animate**   ☐ ☐ ☑

Rationale: We haven't offered this course in many years. The class is not a part of any of our programs (it used to be). Animate is becoming less relevant over time.

DAN D32   **Jazz, Beginning**   ☑ ☐ ☐

Rationale: This course has not been offered at Moreno Valley College since 2019. During that year 3 course sections ran with an average enrollment rate of 29.5%. The School of Visual and Performing Arts (SVPA) at MVC does not currently (and likely will not) have the requisite infrastructure to support an offering of this course. Therefore, DAN-D32 should be excluded from the college catalog.

ENG 48   **Contemporary Short Story and Novel**   ☐ ☐ ☑

Rationale: This course has not had sufficient enrollment in the last several attempts to offer it, so the department has removed it from its rotation in favor of courses students are more likely to enroll in.

Courses

Course Inclusions

		M N R	Discussion

BIO 8   **Principles of Ecology**   ☑ ☐ ☐

Rationale: Increasing the number of courses offered at MVC will increase the overall enrollment at the College. Additionally, there is a lot of wonderful opportunities near MVC that allow for unique ways to study ecology not available to the other schools, specifically referring to the Jaeger Desert Institute, which allows for students to learn about the natural world on campus, and the Lake Perris Reservoir, which is about 15 minutes from campus and will allow for opportunities for students to develop an appreciation for local conservation and potential employment opportunities. Finally, the success of the Environmental Science course (BIOL 19) demonstrates student demand for new biological courses that focus on natural systems and our role in them.

HIS 2H   **Honors World History since 1500**   ☑ ☐ ☐

Rationale: In an effort to provide more options for MVC Honors students, we plan to include History 2 Honors into the course offering rotation. This is in part possible due to the recent FT faculty hire in the discipline of History who is an expert in this field of study.

KIN 36   **Wellness: Lifestyle Choices**   ☑ ☐ ☐

Rationale: Adding KIN 36 would improve our department by expanding our class offerings. Students within the district would have another opportunity to complete the course. And lastly, we are trying to really push for having more wellness courses since our discipline is focused on self-improvement.

MIS 11A   **Studio Arts Ensemble I**   ☑ ☐ ☐

Rationale: MVC would like to adopt an ensemble course sequence focusing on the performance of commercial (popular) music styles including Soul, R&B, Blues and Rock. There is already strong evidence of student interest in this area as demonstrated through the MVC Music Club's public facing portfolio of popular ensemble recordings and performances. However, other than the Gospel Choir (which is only applicable to singers), MVC's music curriculum consists entirely of traditional Classical ensemble curriculum.

MIS 11B   **Studio Arts Ensemble II**   ☑ ☐ ☐

Rationale: MVC would like to adopt an ensemble course sequence focusing on the performance of commercial (popular) music styles including Soul, R&B, Blues and Rock. There is already strong evidence of student interest in this area as demonstrated through the MVC Music Club's public facing portfolio of popular ensemble recordings and performances. Course Major Modifications

		M N R	Discussion

ADJ 12   **Introduction to Criminalistics**   ☑ ☑ ☑

Rationale: This major modification to ADJ-12 removes all specific mentions of laboratory exercises/content (in support of the launch of the new ADJ course ADJ-12L Intro to Criminalistics Laboratory).

ADJ 28   **Crime Scene Investigation**   ☐ ☐ ☑

Rationale: ADJ-28 is undergoing a major modification to remove lab hours and mentions/objectives related to laboratory-specific or field-specific exercises, to support the launch of the new ADJ-28L Crime Scene Investigations Laboratory course.

ADJ 3   **Concepts of Criminal Law**   ☑ ☑ ☑

Rationale: Major modification is needed to include verbiage that concisely outlines the course learning objectives and content to prove that it meets IGETC and CALGETC requirements as a GE course in Social and Behavioral Sciences.

ADJ 3H   **Honors Concepts of Criminal Law**   ☑ ☑ ☑

Rationale: Major modification is needed to include verbiage that concisely outlines the course learning objectives and content to prove that it meets IGETC and CALGETC requirements as a GE course in Social and Behavioral Sciences.

			M	N	R	Discussion

CIS 26F — **Cisco Networking Security** — ☐ ☐ ☑

Rationale: This Cisco Academy course has been updated to align with industry technology and practices. The industry certification has been retired, so that has been removed from the description and the description updated. The course is a complement to the CCNA track CIS-26A, B and C for entry-level network security professionals and covers in depth content only topically covered in the lower level courses.

CIS 27F — **Cyber Threat Intelligence & Automated Response** — ☐ ☐ ☑

Rationale: The prerequisite is impeding student progress to completion, as the recommended course sequencing does not align with the prerequisite of CIS-27B. These are not sequential courses but complimentary courses, and so they can be taken simultaneously. We would like to remove the prerequisite and only leave the advisory courses in place.

H **COM 3** — **Critical Thinking, Argumentative Writing, and Debate** — ☑ ☑ ☑ — Holding for associated programs due to title change.

Rationale: Modification to align with Cal-GETC

MOV: Approved, 9/10/2024 **NOR:** Approved, 9/10/2024 **RIV:** Approved, 9/24/2024

H **ELE 74** — **Industrial Wiring and Controls** — ☐ ☑ ☐ — Holding for ELC-74.

Holding for ELC-74

ETS 1 — **Introduction to Ethnic Studies** — ☑ ☑ ☑

Rationale: Norco submitted ETS-1, ETS 3, ETS 7, and ETS 8 for IGETC Area 7 in December 2022. At the end of Spring 2023, Norco received the GE Reviewers decisions in which they determined that the courses did not meet the Ethnic Studies core competency criteria. Since RCC had already approved the courses at that time, the reviewers provisionally approved the courses for Norco/IGETC Area 7. However, the reviewers stipulated a sunset date of Fall 2025 for this approval – for both IGETC Area 7 and CSU GE Area F. And, they asked that the course outlines be revised and re-submitted as in Fall of 2025, Cal-GETC will replace CSU GE and IGETC.

ETS 23 — **Race, Ethnicity, and Politics in America** — ☑ ☑ ☑

Rationale: Modifications to allow POL/ETS 23 to satisfy CA Constitution requirement.

ETS 3 — **Introduction to African American Studies** — ☑ ☑ ☑

Rationale: Norco submitted ETS-1, ETS 3, ETS 7, and ETS 8 for IGETC Area 7 in December 2022. At the end of Spring 2023, Norco received the GE Reviewers decisions in which they determined that the courses did not meet the Ethnic Studies core competency criteria. 	HMS 200	**Human Services Work Experience**	☑	☐	☐	
	Rationale:	The HMS 200 major modification is completed in alignment with state regulatory work experience requirements (See 5 Cal. Code Regs. § 52010). The HMS discipline is updating the HMS 200 course with the purposes of adding to the Drug and Alcohol Studies certificate.				

H | **MAN 74** | **Industrial Wiring and Controls**   ☐ ☑ ☐   Holding for ELC-74.

Rationale: Updating textbooks

MOV: Info Item, 10/22/2024   NOR: **Hold, 10/22/2024**   RIV: Info Item, 10/22/2024

Holding for ELC-74

POL 23 | **Race, Ethnicity and Politics in America**   ☑ ☑ ☑

Rationale: Updating to meet CA Constitution articulation requirements.

H | **PSY 48** | **Statistics for the Behavioral Sciences**   ☑ ☑ ☑   Will be held for program modifications.

Rationale: PSY/SOC-48 is modified to be a 4-credit instead of a 3-credit hour course. UCs (e.g., UCR) and CSUs (e.g., CSUSB) devote more credit hours for their behavioral science statistics courses than their other (non-methods) psychology/sociology courses. The content of the PSY/SOC-48 COR was originally designed, in part, to reflect the behavioral science statistics courses offered in UCs and CSUs. The course is more likely to be transferable to these schools if it is increased from 3 to 4 units. Course materials and advisories have also been updated.

MOV: **Approved, 2/27/2024**   NOR: **Approved, 2/27/2024**   RIV: **Approved, 2/27/2024**

NRN 21DE   **Acute Care and Chronic Illness II/Mental Health**   ☐ ☐ ☑

Rationale: The ADN program received a grant to develop a hybrid course option for students completing the second year of the ADN program. The hybrid option will be available to Licensed Vocational Nurses who desire to continue their education toward their Associate Science degree in Nursing. After the grant requirements are met, the hybrid option may be open to include other ADN students who may want to continue the second year of the program in a hybrid course format. The hybrid course would provide instruction for seminar content online with face-to-face contact time with students during their assigned clinical rotations. This program would provide increased accessibility and flexibility for students who need to work while continuing their education.

ADJ 12L   **Introduction to Criminalistics Laboratory**   ☐ ☐ ☑

Rationale: ADJ-12 Introduction to Criminalistics historically was allotted 12 hours of lab within the 54 hours lecture, resulting in a 3 credit course for ADJ-12. Criminalistics and Forensic Science is a laboratory heavy discipline and the course should reflect this; 12 hours total is not nearly enough time to meet the basic best practices standards for a college-level course in forensic sciences, and students must be engaged in opportunities to build, develop, and demonstrate basic and intermediate laboratory skills specific to criminalistics and forensic science, for both academic knowledge and awareness as well as industry-specific competitiveness in hiring and employability. Criminalistics is a specific knowledge and skill-heavy specialization within STEM that requires an equal, if not more, amount of time/hours/exposure/experience/guidance to laboratory courses that are more common, such as those provided in Biology, Chemistry, Physics, and Anthropology. The creation of ADJ-12L, the 1 credit laboratory course, reflects this commitment to student academic knowledge and expansion along with industry-specific skillbuilding and best practices guidance, placing RCC students within this discipline and within the course with cutting-edge and unique experience and exposure, particularly as there are no currently known classes at any other community college within the state that offer the criminalistics laboratory course; this also appears to be reflected in its notable absence from the CSU system as well.

ADJ 28L   **Crime Scene Investigation Laboratory**   ☐ ☐ ☑

Rationale: ADJ-28 Crime Scene Investigation, a new offering, was initially created with the intention of matching existing lab hour courses (ADJ-12, ADJ-31) which had 12 lab hours for 54 hours of lecture. However, Crime Scene Investigation is a skills-heavy specialization requiring significant technical knowledge and demonstrable ability and educational offerings should reflect this. 12 hours total is not nearly enough time to meet the basic best practices standards for a college-level course in crime scene investigation and its multiple knowledge domains, and students must be engaged in opportunities to build, develop, and demonstrate basic and intermediate level skill and technical ability specific to crime scene investigation industry needs and best practices.

ADJ 32   **Criminal Case Law**   ☐ ☐ ☑

Rationale: Criminal case law is the foundation of all real world and industry-specific procedure; the absence of criminal case law courses, with an intense focus upon legal knowledge and analysis, is glaring within the review of current California criminal justice education systems, especially within an undergraduate level. This course will allow students to obtain directed and repeated intensive education, exposure, and knowledge analysis within case law pertinent to criminal law, with a specific focus upon the 4th, 5th, and 6th Amendments.

ELE 33   **Network Troubleshooting and Methodology in Biomedical Equipment**   ☐ ☑ ☐

Rationale: For students and new healthcare professionals, an introduction to medical equipment is an essential part of their education and training. It lays the foundation for more advanced learning and specialization in specific areas of medicine and medical technology.

KIN A08B   **Pickleball, Intermediate**   ☐ ☐ ☑

Rationale: We are leveling Pickleball into A08A, A08B, and A08C to allow students to improve their Pickleball skills.

KIN A08C   **Pickleball, Advanced**   ☐ ☐ ☑

Rationale: We are leveling Pickleball into A08A, A08B, and A08C to allow students to improve their Pickleball skills.

MAT 101A   **Corequisite Support for Math 1A**   ☑ ☑ ☑

Rationale: This course is designed to strengthen students' skills necessary for success in learning the concepts of MAT-1A (Calculus I). It is to be offered concurrently with MAT-1A.

MAT 111   **Support Course for MAT-11**   ☑ ☑ ☑

Rationale: Students will need either a pass/no pass grade.

MAT 139   **Corequisite Support for MAT-39**   ☑ ☐ ☑

Rationale: MAT-39 is a concurrent co-requisite course for students needing STEM learning skills, arithmetic, and algebra support for MAT-36.

MAT 39   **Foundations of Calculus I**   ☑ ☑ ☑

Rationale: This course is being created with the goal that RCCD will comply with the California Community College Chancellor's Office by offering a single-semester, innovative course to prepare students for first-semester calculus.

PSY 148   **Corequisite Support for PSY-48**   ☑ ☑ ☑

Rationale: Per request of counselors, this support course is being created for students who require support alongside their statistics course but would prefer to take PSY-48 as their statistics course. It will be similar to what Mat-112 is to Mat-12, and is modeled after the successful implementation of the behavioral statistics support course in San Diego Community College District.

STAT 13   **Introduction to Statistics**   ☑ ☑ ☑

Rationale: A 6 unit course combining our current MAT-12 and MAT-112 while satisfying the CCN STAT-C1000E requirements. Combining these courses can eliminate the co-requisite requirement, potentially reducing confusion for students and improving equity in access to support. This change streamlines our course offerings and enhances the overall student experience.

MIS   **Music Industry Studies**   ☑ ☐ ☐

Rationale: The School of Visual and Performing arts at MVC is interested in adopting the MIS discipline in order to allow for the inclusion of commercial music curriculum. The initial anticipated offering will include Studio Arts Ensemble I & II (MIS-11A & MIS-11B). This addition will provide MVC students with a more equitable academic experience through providing them with more diverse and practical ensemble options. MVC currently has the resources to support the initial ensemble offering. Additionally, due to recent expansion in the area of music technology, the faculty anticipate having the physical infrastructure in place to support more MIS curriculum in the near future. In summary, this discipline adoption will facilitate the adoption of music curriculum which will better prepare our students for 21st century careers in music.

H   **ADJ**   **Law, Public Policy and Society**   ☑ ☐ ☐

Rationale: The Community Colleges Pathway to Law School (Cal LAW) initiative launched in 2014 with a goal of enhancing opportunities and advancement in the legal profession for diverse populations, particularly those who have traditionally been underrepresented. More than 700 community college students are currently enrolled in the program statewide, with more than 250 graduated Cal LAW Scholars already.The initiative seeks to invest in the State's economic growth and global competitiveness through career education for the legal profession. At the core of the initiative is expanding diversity, equity, and inclusion by ensuring all students, regardless of race, age, economic status, or geography, gain exposure and confidence to pursue a Law career pathway. This initiative is intended to provide community college students, particularly women and people of color, with a direct path to law school, and to give those schools a pipeline of diverse students from across the state. Training students with 21st century skills is how the California Community Colleges will contribute to breaking the cycle of poverty and give community college students, their families, and their communities the opportunity for true economic mobility.

Rationale: The Associate in Art for Transfer degree in Law, Public Policy, and Society is a multi-disciplinary preparation degree for students who intend on transferring to a California State University (CSU) or other four-year institution for a bachelor's degree in Criminal Justice, Communication Studies, Economics, History, Law, Political Science, Philosophy, Public Administration, Public Policy, Social and Behavioral Sciences, or related majors. This degree emphasizes the development of logical, analytical and communication skills, and introduces students to the legal field. This degree has also been identified as one that will provide a solid foundation of preparation for students interested in attending law school upon completion of a bachelor's degree.

H | ADJ | **Modern Policing**   ☐ ☑ ☐

Rationale: The Associate of Science in Modern Policing is a multi-disciplinary preparation degree for students who intend on becoming peace officers in the state of California and/or transferring to a California State University (CSU) or other four-year institution for a bachelor's degree in Criminal Justice or related majors. The intention for the Modern Policing Degree and the future of law enforcement is to be inclusive of the diverse perspectives of stakeholders, the 2020 Call to Action against systemic racism, the California Community Colleges system goals for equity as laid forth in the California Community Colleges Vision 2030, and the requirements of AB 89.This proposed degree for Modern Policing is the culmination of work from numerous stakeholders throughout our system to provide a prescriptive framework of courses to create a degree that leads to employment in the field. In addition to the content identified in AB 89 and AB 1122, courses and topics incorporated into the Modern Policing Degree curriculum contribute to an officer's critical thinking skills and emotional intelligence. Graduates with this degree will exhibit cultural competence, which is the ability to honor and respect the beliefs, language, interpersonal styles, behaviors, and lifestyles of those receiving and providing services. The Modern Policing degree is not intended to replace existing ADTs in Administration of Justice or local associate's degrees in administration of justice. It is intended to be a third option that includes elements of both types of degrees to satisfy the state's requirements in AB 89.
