Action Items

1. Curriculum Proposals

Discussion Items and Public Comment

1. CCN Phase 2B Implementation Standing Item
 - a. The curriculum chairs may want to check in with their respective committees next week for a status update.
2. TOP/CIP Update – Standing Item
 - a. Casandra Greene – Emails to impacted disciplines were sent out on Friday. Of the 102 disciplines we are waiting on about 34. We have run into a few where we need to reach

out to CCCCO to update the crosswalk. Most disciplines only have a small number of classes to review. CIS in particular does have many.

- b. Kelly Douglass – Is there a need to support from the committee level? Can we have a list of disciplines who need to respond?
 - i. Casandra Greene – Analysts will provide a list on Monday.
 - c. Nick S – Faculty may feel they are limited to the crosswalk. Can faculty make a request for changes to the crosswalk?
 - i. Casandra Greene – Currently, they are limited to the crosswalk, but we can make requests. We do have faculty reaching out when they have a concern and we are submitting requests to the CCCCO.
3. General Work Experience – Kelly Douglass/Curriculum Analysts
- a. Bryan Medina – It appears the CCCCO is trying to de facto ban general work experience through the TOP to CIP transition. Title 5 language used to explicitly permit it. The new title 5 language states that work experience “should” be tied to a student’s educational pathway. The CCCCO has recently stated they will assign a credit, non-CTE CIP code for use for General Work Experience.
 - b. Casandra Greene – This is an equity issue. when we offer general work experience it gives students degree applicable units that they need to complete their degree. It doesn’t matter where students work.
 - c. Kelly Douglass – The idea that this opportunity would disappear through a back door without a discussion with the State Senates, administration, faculty, and classified who support them is concerning. Especially since it appears to just be coming from the TOP/CIP crosswalk group.
 - d. Nick Sinigaglia – What is the status for WKX-200 currently? Colleges are wanting to schedule the course.
 - i. The modification on the DCC agenda brings the course into compliance. If approved, it would then proceed to the Board of Trustees for approval, could be submitted to COCI, and then listed in the addendum.
 - ii. If the crosswalk is updated with the CIP code, the curriculum coordinators can submit the course to COCI with that code. If not, the State is currently allowing a code of 99.9999 for unknown CIP codes, and we would have to circle back to address it later in the year.
 - e. Kelly Douglass – May want to ensure we are speaking up about this at the Curriculum Institute by identifying who the TOP/CIP individuals are and bringing stories to them regarding student impact. We are the administrators of title 5 regulations and academic freedom.
 - f. Brian Johnson – Norco is considering deleting a number of their work experience courses. Do they need a cross-discipline listed for faculty to teach them?
 - i. Bryan Medina – Per the Minimum Qualifications handbook, the minimum qualification to teach a work experience section is “the minimum qualifications in any discipline in which work experience may be provided at the college where the instructor or coordinator is employed.”
 - g. Nick Sinigaglia – Study Abroad does want to use the general work experience course. Is there an alternative if needed?
 - i. Casandra Greene – Study Abroad may want to see if BUS-200 or EAR-200 would be appropriate. EAR was updated so that it is more of an educational work experience work type.
 - h. Casandra Greene – APP-450 is another work experience course that needs to be updated. AUT faculty were interested in using it, but have been advised they should create an AUT specific APP work experience course as APP-450 is specifically in programs at

Norco.

- i. Kelly Douglass – Do I need to launch the modification?
 - ii. Casandra Greene – There is a faculty member with origination permissions.
 - iii. Kelly Douglass – Can the analysts reach out to the faculty to provide guidance?
 - iv. Casandra Greene – Yes, and will CC the colleges as the course appears in all three catalogs.
4. Lab Course Content and Materials on COR (COCI) – Casandra Greene
- a. Casandra Greene – If a course has both a lecture and lab component, COCI is now requiring separate lecture and lab content. There has been no regulatory notification that we are aware of, but the State is now asking for the content separately. We may want to have a conversation about how we move forward, but this term may not be the appropriate time.
 - b. Kelly Douglass – We can agendize this for Tech Review in September.
 - c. Brian Johnson – We may want to just start communicating this to faculty. Many of them already separate the content.
5. Open Forum
- a. None.
6. Public Comment for all items on or not otherwise on the agenda.
- a. None.

Adjournment: 4:07pm
