Agenda and Minutes

1. Approval of Agenda
   Motion: Douglass; Second: Sinigaglia
   Approved, Unanimous

2. Approval of Minutes – September 1, 2026
   Motion: Alpay; Second: Sinigaglia
   Approved, Unanimous

Action Items

1. Curriculum Proposals

Discussion Items and Public Comment

1. CCN Phase 2B Implementation Standing Item
   a. Bryan Medina - SOC-C1000 and C1000H were returned to draft due to no minutes and need to be relaunched.

2. CCN Program Updates – Casandra Greene
    a. Seeking clarification that CCN changes to existing programs can be done clerically.
    b. Committee – No objection.

3. Honors Courses CalGETC Update – Nick Sinigaglia
    a. Nick Sinigaglia – As honors courses come forward, will we add boilerplate language in order to try to maintain articulation?
        i. Kelly Douglass – No, but we can label the honors content on the COR. The thematic focus may not be true for all courses in all disciplines. That's a course design issue.
        ii. Nick Sinigaglia – Not saying we would do it without any discipline input. For honors language and labeling, we should reach out to disciplines to confirm.
        iii. Kelly Douglass – Agreed.
    b. Nick Sinigaglia – The issues with articulation have been brought to HTCC's attention, but they haven't discussed it. Still have not heard from UC or CSU chancellor's offices on this item. Some appeals did go through, but others were rejected and need to be resubmitted.
        i. Kelly Douglass – ENGL has met and worked on their courses. Will vote next week and then will work on the changes in Curriqunet.

4. SAAM Update – Casandra Greene
    a. A handful of SAAM impacted courses have not been submitted. Casandra will send the list to chairs. Will also send list of courses that were returned to draft over the summer. Coordinators were included on the e-mails to the originators originally. We only have until Oct. 2 to get all courses relaunched and the accompanying programs.
    b. Kelly Douglass – Should chairs start reaching out to originators?
        i. Casandra Greene – Would recommend chairs and coordinators work together to determine process.

5. Extensive Prep Lab Form – Kelly Douglass
    a. Casandra Greene – Provided updates to the Extensive Prep form and reviewed the specific process for nursing clinical labs. Language from the new contract was put into form. Regarding nursing, if not approved by the VPAA, faculty can go through grievance process or the regular curriculum approval process. Tammy Few, Rhonda Taube, and Amy Vermillion stated they were comfortable with the proposed process.
    b. Nick Sinigaglia – Fourth check box – What about stronger language? Faculty need to provide the written determination from the VPAAs.
        i. Kelly Douglass – We need the copy of e-mail from the VPAA or some other documentation of consultation.
        ii. Casandra will make edits and follow up via e-mail.

6. GELSOs relabeling as ILOs – Nick Sinigaglia
    a. This topic is being brought by Assessment to the Senates. Will agendize this topic for the next Standards meeting.
    a. Kelly Douglass – An Institutional Learning Outcome implies every course contributes to the realization of the outcome. That is not what GESLOs are. GESLOs are specific to GE and should be associated with GE courses. Renaming GESLOs to ILOs expands their intent, and could impact not just courses, but student services, classified roles, etc. ILOs are things that everyone in the institution contributes to. GESLOs as written are specifically about educational attainment.
    b. Motion to maintain the GESLOs as currently designated: Sinigaglia; Second: Alpay

i. Approved, Unanimous

7. Lab Content on COR – Casandra Greene
    a. Postponed to next meeting.

8. Open Forum
    a. Kelly Douglass – The new edition of the minimum qualifications handbook has revisions to Art and Nursing. Is this our responsibility, or another group?
        i. Bryan Medina – May be the responsibility of HRER.

9. Public Comment for all items on or not otherwise on the agenda.
    a. None.

Adjournment: 4:38pm

ADJ 12L	**Introduction to Criminalistics Lab**	☐	☐	☑	**Hold**	Y	Y	Y
Contract defines extensive prep lab, the contract is not the purview of curriculum. The contract has historically defined/showed a pattern of approving extensive prep labs in STEM and nursing. Per the contract, are we missing a step? The contract lists the 7 criteria, and then any decision to change the status will be made by majority vote of the members of the affected discipline, forwarded to the VPAA for consultation, and then to the curriculum committees. Consultation and commentary from the VPAAs does not appear to be happening. Historically, VPAA consultation and comment may have been included with the proposal for the curriculum committees to consider. The committee discussed that the proposals should be sent to the VPAA for their consultation, and the form should be updated. Additionally, how do we evaluate criteria 7 regarding the equivalent lab?
