The Riverside Community College District complies with all federal and state rules and regulations and does not discriminate on the basis of ethnic group identification, national origin, religion, age, gender, gender identity, gender expression, race, color, ancestry, genetic information, sexual orientation, physical or mental disability, or any characteristic listed or defined in Section 11135 of the Government Code or any characteristic that is contained in the prohibition of hate crimes set forth in subdivision (1) of Section 422.6 of the California Penal Code, or any other status protected by law. This holds true for all students who are interested in participating in education programs and/or extracurricular school activities. Limited English speaking skills will not be a barrier to admission or participation in any programs. Harassment of any employee or student with regard to ethnic group identification, national origin, religion, age, gender, gender identity, gender expression, race, color, ancestry, genetic information, sexual orientation, physical or mental disability, or any characteristic listed or defined in Section 11135 of the Government Code or any characteristic that is contained in the prohibition of hate crimes set forth in subdivision (1) of Section 422.6 of the California Penal Code, or any other status protected by law is strictly prohibited. Inquiries regarding compliance, and/or grievance procedures may be directed to the District’s Title IX Officer/Section 504/ADA Coordinator at (951) 222-8039, 3801 Market Street, Riverside, CA 92501.

Alternate formats for this material are available to individuals requiring disability accommodation. Please contact the office of Diversity, Equity and Compliance at (951) 222-8039.

• Welcome

Career Educated Professionals Are In Demand in Every Industry

Fast, focused career programs can lead to employment in as little as one semester. The Riverside Community College District offers virtually unlimited options for career education degrees and certificates in high-demand fields like business, healthcare, cybersecurity and IT, energy, construction, and more!

Regional job growth is expanding at nearly double the national rate.

- Middle-skill jobs, which require education beyond high school but not a four-year degree, make up the largest part of the labor market in the United States!
- Career education certificate holders increase their earnings by nearly 30% on average.
- 70% of all future jobs will require more education than a high school diploma.

Why the “Middle-Skills Job Gap” is Good for You

Middle-skill jobs are those occupations that require more education than a high school diploma, but not a four-year degree. According to the Public Policy Institute of California, California was predicted to be facing a middle-skill job gap of up to 1.5 million workers by 2025. Not surprisingly, this gap increased due to the COVID-19 pandemic. This is especially alarming for the Inland Empire region, which is among the state's fastest-growing, yet least-prepared economies, in terms of education and training.

While this demand poses a challenge for regional employers, it represents a huge opportunity for people looking for secure careers and great salaries. All you need is the right education to gain entry into these in-demand fields. And that's exactly what the Riverside Community College District career education programs provide.

If you're ready for a high-demand, high-paying career, you've come to the right place!

• Steps to Enroll

ADMISSIONS APPLICATION

Students only need to apply to **one** of the three colleges within Riverside Community College District (RCCD). The college to which you apply will be your Home College. This is where you will receive services related to assessment, counseling, and financial aid. You can still take classes at **any** of the three college sites, or online.

STEP
1

TO APPLY:

MORENO VALLEY COLLEGE (M): www.mvc.edu and click the *Apply for College* link

NORCO COLLEGE (N): www.norcocollege.edu and click the *Apply Now* link

RIVERSIDE CITY COLLEGE (R): www.rcc.edu and click the *Apply Here* link

STEP
2

ORIENTATION:

Orientation introduces you to terminology, academic programs, and student services and gives you planning tools you'll need to succeed in college. Once you apply, you will be given a RCCD student email and access to your MyPortal account. To access the online orientation, log on to your MyPortal account, click on the *Academic Planning*, and then select *Orientation*.

STEP
3

PLACEMENT SURVEY:

This will assist in placing you in the class best suited to your skills. As of October 2018, the placement survey is completed during the application process. You either completed this step through the admissions application or a survey that was sent to your email address. To check for your placements, login to WebAdvisor/MyPortal, go to **Academic Planning**, then click on *Placement Test Summary* to view your results. If you do not see MMAP English or MMAP math placements, go back to **Academic Planning**, then click on *Placement Survey* to complete the survey for placements.

STEP
4

ABBREVIATED STUDENT EDUCATIONAL PLAN:

MORENO VALLEY COLLEGE (M): Students connect with an educational advisor virtually or in person to create the first semester educational plan and to gain a better understanding of the courses needed for their first term. Email: counseling@mvc.edu • Text: (951) 472-2176

NORCO COLLEGE (N): Students schedule an appointment to meet with an educational advisor to create the first semester educational plan and to gain a better understanding of the placement results and courses needed. Phone: (951) 372-7176 • Email: norcoEC@norcocollege.edu

RIVERSIDE CITY COLLEGE (R): View your Abbreviated Educational Plan/Trailhead and Placement Summary under **Academic Planning** for suggested first-term courses on <https://portal.rcc.edu>.

STEP
5

COUNSELING:

Students are encouraged to meet with a counselor to receive information on which courses to take to meet their educational and career goals.

STEP
6

CAREER AND TECHNICAL EDUCATION ENGAGEMENT CENTERS:

Students are encouraged to visit the engagement centers on their selected campus to get assistance from educational advisors and support team.

Note: Make sure to activate your student email address. This is how the college will communicate important information and updates including registration date, available courses, schedule changes, waitlist status, and more.

• Dual Enrollment

• Attention High School Students!

Did you know that many students start their Career and Technical Education while they are still in High School? In fact, there are some seniors who earn an associate degree or certificate while they are working toward their high school diploma.

The first step is talking to your high school counselor about your dual enrollment options.

You may be eligible for free tuition through the College and Career Access Pathways (CCAP) partnership between your high school and

the community college; another option is the traditional (Non-CCAP) dual enrollment programs that are also available; some students enroll full time in a Middle College/Early College high school program; and still others just take college courses at their local community college while they are attending a regular high school (concurrent enrollment).

The point is, there are lots of options to explore, even as a freshman in high school. Your counselor can work with you to find the right program.

• Noncredit Frequently Asked Questions

What are noncredit courses?

Noncredit courses are designed for students interested in pursuing personal, professional or academic goals. Noncredit courses focus on helping students build specific skills that are necessary for reaching their individual goals. All courses are taught by college faculty.

Who can take noncredit courses?

Any community member 18 years or older can take noncredit courses. Those under 18 must complete a concurrent enrollment form and return it to the college's Admissions and Records office. Please contact extlearning@rccd.edu for more information.

How much does it cost to enroll in a noncredit course?

All noncredit courses are tuition free, though students may have to pay for books. All students who park on campus must purchase a parking pass. Since noncredit courses are tuition free, financial aid is not available for these courses.

How long will it take to earn a certificate?

The time it takes to complete a certificate varies. Visit the Courses and Certificates pages on the Extended Learning website to learn more. Students can also make an appointment with an educational advisor or college counselor. Email extlearning@rccd.edu to get connected.

For additional frequently asked questions (FAQs), visit the About Noncredit page under the Extended Learning website about residency, how to sign up, and more!
